

OUR CANDIDATE FOR QUEENS DISTRICT ATTORNEY IN 2019

The District Attorney is an extremely important official for our community. Charged both with keeping us safe in an era of rising antisemitism even as ordinary street crime continues to decline, and with using restraint and care when one of our youth goes off the derech because of drugs or other scourges, **the D.A. needs to know our community, love our community, and be zealous in representing our community.**

Rory has done all this as our Councilman, to a truly extraordinary degree. He helped ensure inclusion of our yeshivas in New York City's Universal Pre-Kindergarten program; City-funded security guards at our schools; passage of the Council's historic resolution opposing the BDS movement; the expulsion of Kuwait Airways from JFK Airport for refusing to sell tickets to passengers with Israeli passports; and the restoration of the 70th Anniversary celebration of the U.N.'s vote recognizing the State of Israel, after it had been cancelled by the Queens Museum. Rory has also worked particularly closely with two organizations with special relevance to the D.A.'s office – *Sholom Task Force*, which supports domestic violence victims in our community, and *Amudim*, which supports families facing substance abuse, sexual abuse, and other crises.

We do not agree with all of Rory's views and positions, including on some criminal justice issues. But we know that **Rory is uniquely prepared to be a District Attorney who will keep all of Queens safe, including our community,** and that he will do so with compassion and judgment.
